inhakki@gmail.com

I am a builder of ideas -- a developer with a keen sense of the user experience and a focus on products that can enhance our everyday lives by finding innovative solutions. I thrive on understanding the bigger picture and find fascination in pulling things a part into their most fundamental components. I value the contributions made by teammates and enjoy the process of developing real solutions by anticipating the challenges ahead.

RELEVANT WORK EXPERIENCE

AKQA, Washington, D.C., September 2014 ~ Present
Creative Development Apprentice
> Developed and debugged the existing front-end for client projects of a major government entity and a
> Fortune 500 company, using Backbone, Sass, jQuery, and HTML. Currently working on a project
> for the School of Making program designed for apprentices to build a project for a major client using Ruby.

EDUCATION

General Assembly, Web Development Immersive, Washington, DC, April 2014 ~ July 2014
> Full-stack web development program focused on common best practices in object-oriented programming,
> MVC frameworks, data modeling, and test-driven development. Developed a portfolio of individually
> focused and collaboratively focused projects.

Columbia College, Columbia University, New York, NY, May 2013
B.A., Neuroscience & Behavior GPA: 3.2/4.0
